Schools of the Health Sciences

Health Disparities Poster Competition

This eighth annual event will give young researchers an opportunity to present their work and expand their scientific professional skill set in addressing “health disparities” – gaps in health status, quality, or equity in any studied population relative to the comparable majority (or more commonly studied) population.

Monday, April 2, 2018
12:00 noon – 4:00 p.m.
Biomedical Science Tower Lobby and S100

Dental Medicine
Medicine
